Find your finish

41 worktops · 89 cabinet finishes · one coordinated collection

Choose the worktop and cabinet finishes that define your Signature kitchen. Each option has a name and reference, making it simple to record a shortlist and confirm your selection.

Record your choices

Choose with a physical sample

Printed and screen colours are indicative. Lighting, printing and the sample material can affect how a finish appears, so approve a physical sample before ordering.

Confirm the colour, pattern, finish sheen and availability with the Aristos team. A finish name is a catalogue reference, not a substitute for the approved material sample.

Your finish shortlist

Bring your preferred worktop and cabinet combinations together.

Note the references and names below, then review the physical samples with the Aristos team. Your quotation and final specification confirm the approved finishes.

Kitchen model / project

Worktop

W reference and finish name

Primary cabinet finish

C reference and finish name

Secondary cabinet finish

Optional C reference and finish name

Before you confirm

- ☐ Physical samples reviewed together.
- ☐ Colour, pattern and finish sheen confirmed.
- ☐ Availability and model compatibility confirmed.
- ☐ Final selection recorded in the approved specification.
