The side walls and bottom of the oven are made of cast aluminum.

37mbar reducer with EFV protection and gas hose mounted at the factory.

Accessories - TO ALL GRILL TYPES

CAST IRON WOK

The cast iron wok is an accessory included in the DO MORE set. Thanks to its size, it fits perfectly in place of one grill grate. The wok requires the removal of the Flav-R-Wave vaporizer, allowing the burner to heat it directly. This enables achieving higher temperatures inside the wok.

CAST IRON BAKING PLATE

A double-sided cast iron griddle with a matte porcelain coating. The ridged surface on one side is perfect for grilling meats and vegetables, while the smooth side is ideal for preparing delicate fish, seafood, or eggs. It is designed to replace the grill grates. The griddle heats up quickly and evenly. The cast iron griddle is one of the components of the DO MORE system.

ACCESSORIES SET

The grilling accessories set is the perfect solution for anyone who grills with style. The set includes locking tongs, a flipping spatula, a cleaning brush with palm bristles and a splash guard to protect against splattering grease, and a silicone basting brush. The cleaning brush is designed for use on hot grill surfaces (below 232°C).

Accessories - TO ALL GRILL TYPES

ROAST KIT

With the Broil King rotisserie, there are no limits to culinary creativity. You can prepare tender chicken or a variety of roasts. The rotisserie kit ensures perfectly grilled results, even for larger cuts of meat. Assembly is simple and intuitive. Once installed, all you need to do to start grilling is plug it.

PIZZA STONE

The double-sided stone quickly absorbs and retains heat from the grill. Thanks to its high temperature, baking authentic Italian pizza takes just a few minutes.

SMARTBOXY

Choose one of the top-quality grills from Grandhall Australia, BeefEater or Broil King and enjoy delicious barbecue dishes prepared in our professional KitchenBOXY kitchen.
