WHY SIGNATURE

The benchmark in alfresco kitchens. Every Signature suite is engineered in our workshop, built to order, and finished to a standard you will not find elsewhere on the island.

BUILT TO ORDER

Each kitchen is hand-built in our workshop to your chosen layout, surfaces and finish — never warehoused, never shipped from stock.

THE APPLIANCE LIBRARY

Over thirty appliances to choose from — gas and ceramic grills, kamado smokers, side burners, pizza ovens, refrigeration, sinks and mixer faucets — all selected to perform in the Mediterranean climate.

BUILT TO YOUR VISION

Beyond the eight Signature layouts we build entirely to client specification — bespoke footprints, integrated appliances, custom cabinetry and finishes. If you can imagine it, we can make it.

Eight layouts, fully configurable — forty-one worktop surfaces, twenty-eight cabinet finishes.

See pages overleaf for the full Signature Worktop and Cabinet palettes.

Signature Corinthia

The corner suite

An L-shape composition for entertaining without compromise. Premium quality multi-burner grill, dedicated side prep, integrated glass-front fridge and a corner-return sink — specified in your choice of cabinet finish and worktop.
